

# Are YOU Installing RCD Sockets & Spurs to the Latest Standard?

**TIMEGUARD**<sup>®</sup>

A **theben** Group Company

Timeguard's new Valiance + RCD accessory range is the first RCD socket and spur range in the UK to fully comply to the new BS7288:2016 standard. Timeguard Valiance + is designed, tested and certified in the UK. 

- Designed, Tested & Certified in the UK
- Quality and reliability assured – Full 3 year guarantee
- Easy Install. Retrofits into a standard wall box
- Conforms to BS7288:2016 BS1363-2, and meets latest IET Wiring Regulations
- Built-in surge protection protects against surges & spikes to EN61000-4
- High EMC Immunity dramatically reduces nuisance tripping
- Continues to protect with Lost Neutral/pulsating DC earth fault
- Valiance+ range available in both Active and Passive versions across the range (see range profile for details)

**Easy Install –  
Retrofits into  
a standard UK  
wall box**
